PROFILE

A dedicated Backend Software Engineer with over 4 years of experience specializing in Python, Django, and Django REST Framework. Skilled in building scalable, secure, and high-performance web applications and APIs, with a focus on clean architecture and maintainable code. Adept at collaborating with cross-functional teams, solving complex backend challenges, and contributing throughout the software development life cycle.

PROFESSIONAL EXPERIENCE

Senior Software Engineer

August 2025 – present

Beinex Consulting Private Limited

- Leading backend development using Python, Django, and FastAPI
- Architecting scalable REST and async APIs for enterprise clients
- Mentoring junior engineers and conducting code reviews
- Driving best practices across the team for clean, maintainable code
- Collaborating with cross-functional teams on system design decisions

Software Engineer

August 2024 –

Beinex Consulting Private Limited

August 2025

- Developed and maintained high-performance web apps using Python and Django
- Designed and implemented robust API integrations
- Wrote clean, reusable, efficient code following best practices
- Participated in agile sprints: planning, standups, retrospectives
- Optimized applications for speed, efficiency, and scalability
- Conducted code reviews and debugging sessions for platform security

Systems Engineer - Python

April 2023 –

Reizend Private Limited

August 2024

- Built Django web apps and REST APIs for retail and shop floor automation
- Collaborated with clients to gather and solution requirements
- Identified issues, analyzed information, and provided solutions
- Delivered projects on schedule using coordination and planning skills
- Quickly visualized development processes to capture opportunities

Junior Systems Engineer

March 2022 –

Reizend Private Limited

April 2023

- Assisted in backend development using Python and Django
- Supported development of web-based retail applications
- Collaborated with senior engineers on system design and debugging
- Maintained and updated existing codebases to improve performance

EDUCATION

BSC. Computer Science <i>Bharathiyar University</i>	2020 – 2023
Diploma in Computer Engineering <i>IPT and GPTC Shoranur</i>	2017 – 2020
